Eyeing More Building Jobs

A recent meeting with management revealed that WCT Holdings is eyeing more building jobs, which among others include the new malls at the Tun Razak Exchange (TRX) and Pavilion Damansara Heights to meet its target of new jobs replenishment of RM2bn in FY18. To recap, the Group has indicated earlier of its intention to pull out from the Middle East due to payment risks which effectively narrows its market to local jobs only. However, we take comfort that the Group is still sticking with its yearly replenishment rate of c.RM2bn, supported by the various planned infrastructure and property projects. As for investment assets, we understand that its new mall, Paradigm Mall JB has 92% of its 1.3m sf NLA leased out, with 60-70k footfalls on Fridays to Sundays, which is comparable to the weekend footfall at Paradigm Mall PJ. With current share price weakness, we believe the risk-reward entry point is now skewed to the upside. We have raised the discount for its property development business to 50% to reflect the prolonged property soft demand, resulting in a new SOTP-derived TP of RM1.50. We upgrade the call to *Trading Buy* from Neutral previously however.

Construction earnings underpinned by RM5.6bn outstanding orderbook. The Group's impairment of RM165m in 4Q17 was disappointing, but we understand that the risk of further impairments is low at this juncture. Lusail project (completion in 2018) will be the last project for the Group in the Middle East, given the tough operating environment over there currently.

As for new jobs, management is eyeing a few building jobs this year with eyes on the new malls at Pavilion Damansara Heights and TRX. Foundation works for Pavilion Damansara Heights have already been awarded to Econpile for RM570m. The mixed development is said to have RM7bn in GDV. Assuming 60% construction cost, we estimate the remaining construction works in Pavilion Damansara Heights to be worth at least RM3-4bn. Tender book value as at Feb was c.RM2.8bn with civil and infrastructure works totaling RM1.7bn with the remaining building jobs, though we believe tenders for building jobs should be higher now. Management is confident of securing jobs totaling at least RM2bn this year, driven mainly by building jobs which we suspect will likely come from Pavilion Damansara Heights.

- Property launches in 2H2018. With no new projects unveiled in 2017, the Group plans to launch few new projects in 2H2018. The projects among others include the built-then-sell project i.e. Sapphire @ Paradigm PJ serviced apartments (RM229m GDV averaging RM750-800 psf), Phase 2 @ Paradigm Garden City condominium in Overseas Union Garden (OUG), Kuala Lumpur (RM1.1bn GDV) and Paradigm Johor Bahru service apartments (RM165m GDV). Sales target for FY18 is RM300m, comparable to the sales achieved in FY17. The Group will also continue to sell its inventory worth some RM550m.
- Degearing exercise. Management is planning to dispose more non-core landbank worth c.RM200m located mainly in Sungai Buaya and Klang by end-2018. So far this year, it has signed three conditional sales and purchase agreements for land disposals totaling RM116m. Admittedly, this is barely enough to pare down its net debt and gearing of RM2.76bn and 0.88x respectively as at end-December. Currently, equity fund raising is also not feasible due to beaten-down share prices. Hence, the key de-gearing exercise is mainly driven by the proposed establishment of WCT REIT comprising Paradigm PJ, AEON Mall and

Premiere Hotel which is currently hitting a snag due to legal suit by AEON Mall. The listing is now only likely to happen in 2019, subject to market conditions. The other wild card is the award of WCT's arbitration proceeding against client Meydan Group LLC in relation to the cancellation of the Nad Al Sheba Racecourse project in Dubai, UAE. Hearing for the award, we understand, is slated to happen soon but we doubt there will be any decision made for the award of Arab Emirates Dirham or AED1.15bn (RM1.22bn) anytime in the immediate term. Separately, more cash is also expected from selling of its remaining property inventory (c.RM550m) and built-then-sell project i.e. Sapphire @ Paradigm PJ (RM229m).

Subang Skypark. Back in April, WCT proposed to acquire a 60% stake in Subang Skypark Sdn Bhd (Subang Skypark) for RM44.6m cash. Subang Skypark holds the concession to operate the commercial/retail area, a car park area, a business aviation centre as well as a "hangarage" complex in Subang Skypark Terminal 3, Sultan Abdul Aziz Shah Airport in Subang. We understand that impact to earnings will be minimal in the near term, but WCT intends to spend RM200-300m to build a new car park with retail space as well as enhancing the existing retail space (c.100k sf NLA) that would add value to its new investment. Subang Skypark has c.50 years lease remaining.

RATING CLASSIFICATION

STOCKS

OUTPERFORM The stock return is expected to exceed a relevant benchmark's total of 10% or higher over the next 12months.

NEUTRAL The stock return is expected to be within +/- 10% of a relevant benchmark's return over the next 12 months.

UNDERPERFORM The stock return is expected to be below a relevant benchmark's return by -10% over the next 12 months.

TRADING BUYThe stock return is expected to exceed a relevant benchmark's return by 5% or higher over the next 3 months but the

underlying fundamentals are not strong enough to warrant an Outperform call.

TRADING SELL The stock return is expected to be below a relevant benchmark's return by -5% or more over the next 3 months.

NOT RATED The stock is not within regular research coverage.

SECTOR

OVERWEIGHT The sector is expected to outperform a relevant benchmark over the next 12 months.

NEUTRAL The sector is expected to perform in line with a relevant benchmark over the next 12 months.

UNDERWEIGHT The sector is expected to underperform a relevant benchmark over the next 12 months.
